## Greatest Offering of Fur Fabric Coats Ever Known in the Tri-Cities

Because of the evident popularity of coats of plush and the numerous other fur fabrics being introduced we are pleased to announce that we have an immense line of handsome coats to offer at prices that are unequalled.

Never has a season created such a demand for the attractive coats fashioned of these fur fabrics and never were garments more excellently designed to produce numerous models of extreme charm. They are truly superior over the coats of the unwieldy and unyielding quality of natural skins and many of them are prettily trimmed with fur. Large collars predominate and all coats are excellently lined.
